\$59,700

was awarded
for research that
benefits general practice via the
Research and Education Committee

QUALITY PRACTICES

991

practices have registered
for The Foundation Standard

823

practices are certified
for The Foundation Standard

19

new Foundation assessors
were trained

50

existing Foundation
assessors were re-endorsed

GP22: the Conference for General Practice

742

delegates attended
GP22 in Christchurch

60

medical students were
sponsored to attend
This is what they said:

*I had a fantastic
time at GP22. So
many thought
provoking and
insightful
speakers. Great
opportunity to
network with GPs
and get inspired.*

*I found GP22 a
highly valuable
learning
opportunity. The
conference shared
with me great
insight into a future
career in general
practice.*
