# Measles Outbreak Guidance

---

## Checklist for practices

- ☐ Signage and scripting in place (door, website, phones).
- ☐ Isolation room identified; N95s / eye protection stocked and fit-checked
- ☐ Staff immunity audit complete; book MMRs for those undocumented.
- ☐ Recall lists run for: overdue 12 months, 15 months, 18–34 years with 0–1 documented MMR, and high-risk household.
- ☐ Testing and notification details readily available (public health numbers, swab types, courier cut-offs).
- ☐ PEP protocol at hand; understand pathway to obtaining Immunoglobulin from Public Health within 6 days.
